C O D I C I L.

1. I direct that the total sum given devised and bequeathed to the Council of the University of Toronto, Canada, shall be increased to fifty thousand dollars of lawful money of Canada, to be divided into two equal portions of twenty-five thousand dollars each, one such portion to be applied to the founding and maintenance in perpetuity of "The Charles Mickle Fellowship"; and the other portion to the founding and maintenance in perpetuity of "The Ellen Mickle Fellowship"; all the other provisions of my last will aforesaid on these subjects remaining the same.

The Senate of the University of Toronto has heard with great gratification of the generous bequest to the University of Toronto made by the late Dr. Julius Mickle and which has been recently received by the Board of Governors. The bequest of such a substantial amount to be devoted to the promotion of the science of medicine will be a great stimulus within this University and it is a case for especial satisfaction that a graduate of the University who himself adorned his profession and reached such a high degree of scientific eminence has desired to connect his name in perpetuity with the University in which he received his own training. The Senate desires that the Executors and relatives of the late Dr. Julius Mickle may be assured of their hugh appreciation of this bequest.
